Clubroom Refurbishment

We have finally been given the go ahead to start the refurbishment work on our clubroom by Sport England. Given the amount of time it has taken to get to this point, we now only have until 13th February 2019 to get the work completed!!

Storage

As well as meeting with all the contractors involved very soon, the other important matter to deal with is the tidying up and storage of the contents of the clubroom to allow the work to be carried out.

The committee is already looking at options, but do any members

- know of potential storage areas in Mildenhall?
- have an empty garage in Mildenhall?
- know of a Storage Container that can be used on site?

Help

Once we have got the storage identified, we would then like a few members to help with sorting out the contents of the clubroom and moving it into the storage. We will either do this over a few evenings or couple of Saturdays, whichever suits those that volunteer.

If you can help with either of these please let [Mark](#) or [Judith](#) know.
